Council After Delinquents

All Electric Light Accounts Must Be Paid. Applications for Weighmaster Opened. Cemetery By-Laws Passed. Employees Ask for More Money.

The regular meeting of the city council was held on Tuesday evening with all the members in attendance except Ald. Carter.

After the adoption of the minutes of the previous meeting, a communication was read from Chief James, recommending an increase in salary for constable Turner. The matter was referred to the police, market and license committee.

The next communication was from Chief James asking for an increase in salary for himself, as he was lead to relieve some months ago that this would be considered by the council.

Chief James report for the month of February was then presented. The chief has been busy collecting licenses and as a result \$286.25 were given the secretary-treasurer during the month. The report was adopted and filed.

Henry Gekchell wrote asking for an increase of \$10 a month in salary, but this request did not come through the proper channel, the letter was referred back to him.

Applications for the position of city weighmaster were then read from the following: who would work on the commission basis:

J. S. Robertson,
Henry White,
W. Dugger,
Frank Lee,
Johnstone Thirsk, Lewisville.

Chas. W. S. Hattness would accept the position as advertised or on salary at \$45 a month.

L. D. Montgomery applied at \$40 a month.

David H. Rosser, Lewisville, applied on the basis of 75 per cent of receipts on the Wetaskiwin Wine & Spirit Co. That the matter be referred to the city engineer to get estimates on the cost, and the approximate revenue to be derived and report at next meeting.

J. B. Smith wrote re personal tax claiming that he never received the tax notice. This was referred to the finance committee.

The finance committee recommended that a compromise be made with the Wetaskiwin Wine & Spirit Co. in the matter of their assessment, which was \$2,000. The committee recommended that the assessment be reduced to \$1,000, and with the acceptance of this reduction, a matter of \$1,000 would be written off the tax roll. MacBach-Gross-That the report be adopted.

The finance committee also recommended that the secretary-treasurer prepare a list of all persons two years in arrears for taxes, for the purpose of holding a tax sale at an early date. Comptroller-MacBach-Gross-That the report be adopted.

Ald. MacBach-Gross gave notice of motion that he would at the next meeting of the council introduce a motion to amend the by-law re power rates. Ald. MacBach-Gross gave notice that he would at the next meeting of the council introduce a by-law re power rates. The council introduced a by-law re power rates. The council introduced a by-law re power rates.

Town Topics

Maple Buds in full bloom: at Angus Hall on Saturday, March 7th.

J. Ward Bailey made a business trip to Edmonton last week, and this week is in Calgary.

Joe F. Buys was at Blackfalds this week making a display of some of his pure bred Belgian stock.

Mrs. Dr. Johnson, who has been spending the winter with relative in New-York City, returned home on Friday last.

Miss Mildred Chappell, who has been teaching at Blackfalds, returned home on Saturday afternoon. She was engaged for the winter months.

Noble Morrison, who has been visiting relative and friends in Ontario and other places in the east, returned home on Tuesday afternoon.

Miss L. Tunks, who has been staying with Mr. and Mrs. Tom Hedges for a few weeks, returned to her home in Calgary on Thursday morning.

A Rideout, one of the pioneer settlers of the Wetaskiwin district, but who is now in the "Arrow" Lakes district, B.C., arrived by the city on Monday to renew the acquaintance of his friends as well as look after business affairs.

Miss McCenzie, who has been visiting at the coast for some time, returned last night on Saturday. On her return she was accompanied as far as Calgary by Nurse Hart, who was en route for Georgia, where she will spend some time with her mother.

Mr. and Mrs. R. M. Angus and Miss Jean Angus and Mr. Ben Cattell left Monday afternoon for Iowa. Messrs Angus and Cattell were accompanied to give expert evidence in connection with a land claim in which some property in the Lewisville district is involved.

Years W. H. Odell and C. H. Busell have formed a legal partnership and started practice on the 1st of March under the name of Odell & Busell. Mr. Odell has been practicing his profession in Wetaskiwin for more than five years past and Mr. Busell, who has recently been called to the bar, has been associated with Mr. Odell since August of last year.

What might have been a serious accident happened about four miles north of the city on Saturday afternoon last, when an automobile frightened a horse driven by Miss Bred low. The animal began to kick and ran and was driven to run away, and although Miss Bredlow held the reins hard as a warning the chauffeur paid no attention to her request. Fortunately no damage was done except from a broken seat. If the driver of the car, however, would have answered for his offence to the authorities.

Foreign Problem in Canada

Interesting Address Delivered Before Educational Club By Rev. A. R. Aldridge. Good Music Also Rendered.

A most enjoyable time was spent by the members of the Educational Society on Monday evening last. The attendance was the largest of the season, and all were more than delighted with the address by Rev. Mr. Aldridge. The discussion was very animated and the music was splendidly rendered. The following was the program:

Vocal solo—Miss E. Smith.

Mr. Bradley spoke about the overcrowded housing of the alien people in our large cities and the consequent bad results in disease and morals.

Mr. Crosby thought that there was a certain moral menace of people were thrown together in a new country, at too rapid a rate. He contended we need time for the true naturalization of our settlers.

On Monday evening next the high school fulfills the program, and will hold a debate, the subject being "Resolved, that the Naval Policy of the Conservative Government should be adopted." A cordial invitation is extended to all.

Duet—Violin and piano, by Mr. Gould and Miss Kelley.

Opening address by the chairman, Rev. H. W. Alexander.

Address: "The Foreign Problem in Canada," by Rev. A. R. Aldridge, B. A., of Edmonton North.

Discussion.

"God Save the King."

Mr. O. Nelson spoke of brightness and progress of a scholar in a non-British settlement and if nationalizing extended to all.

R. C. B. LEIGHORN eggs bred from prize winners. Extra layers \$1.25 per 15, 2 settings \$2.00. Thoroughbred B. H. hens 2 yrs. old. SECRETS

It has come to our ears during the past week, that the boys of Wetaskiwin have another trend in store for the public. We understand that they are preparing another Minstrel show under the direction of Tom Hughes, the last one was certainly a treat, but it is told that this is to be even better. Not only this, but they intend to give a series of two or three entertainments during the next month or so each one being entirely different from the other. Go to it boys, it's what the town needs, and it's up to the town to back you up in your enterprise. March 27th is the first concert—keep it open.

The Times Big Voting Contest Now in Full Swing

Contest Closes March 28. If You Want to Win First Prize Keep Busy.

Our epoch-making circulation contest has already taken definite shape and is now in full swing. As may be seen by the large announcement, where in this issue, there are several candidates entered in the city, which should give the candidates in the rural districts an equal chance for the coveted first prize. Each of these contestants received one thousand votes with the nomination ballots, and it would doubtless be a surprise to some to see their names on the list where they have been placed by friends. The plan for each and all is to make an aggressive campaign as possible, right at the start, for subscriptions to The Times, the People's Popular Paper and the Canadian Countryman, and so pile up a large number of votes during the first few days.

As is a political campaign, so it is in this contest—the candidate who secures the most votes gets the prize. In other parts of the province, where a similar contest is being conducted, remarkable success is being reported by many of those in the lead. A couple of spare hours' work may get you fifty or even one hundred extra votes. Get your people together in family council, and together make a written list of your relatives, old friends, your neighbors, and former neighbors, the people with whom you

do business, in short, "it upon whom you think you may rely for personal co-operation. Then "get busy," use the phone write letters, canvass personally, get your friends canvassing, and the first thing you know you will have rolled up such a big vote as to frighten all opposition and secure yourself of the major prize.

At any time during the contest be sure and collaborate with the contest managers, who may be found at the Times office. While he will be very careful not to favor you or to show partiality to any one candidate he is here expressly to further the success of the contest and to secure the success of every energetic contestant. If you need information at any time, call him up on the telephone.

REV. ALDRIDGE DELIVERS THE PRANCE ADDRESS

On Tuesday evening of this week, in the Methodist church, Rev. A. R. Aldridge, B.A., gave an address on the subject of Temperance. He dwelt briefly with the Calgary convention, and stated that this gathering, of men from all parts of the province showed by their enthusiasm that the temperance spirit had reached its high water mark, and appeared to be in the best of health and spirits, but before leaving for home told a few friends he was not feeling well. A few short hours after his arrival home, and before a physician could reach his bedside, the spirit had taken its flight. Apoplexy was the cause, of this demise. Mr. McShane had been resident of the Angus Ridge district about nine years.

GILLETTS' LYE EATS DIRT

home. I take no joy in seeing skyscrapers so tall that you have to swallow your Adam's apple three times before you can see to the top of one. The streets are crowded about with noise and speed that make the foot passenger from the country get around like a whirling dervish. And you find the fellows you know all working like mad for other people so that they can earn money with which to hire other people to serve them with the necessities of life. They get salaries from corporations that enable them to buy the products of other corporations that are all intent on churning all the traffic will bear. This sort of thing is doubtless very businesslike and modern up-to-date, but if I went back to it I should feel very much as if I were being put through a sausage mill to appear the hunger of some monster whose appetite I could not understand. I am afraid my powers of reasoning are not what they used to be for although I can see the bodily common sense of raising potatoes and vegetables and apples, and such like things for my own use. I cannot figure out where I would be benefited by living the strenuous life so that I could earn enough to buy potatoes and apples of a poor man and somewhat faded character from someone else.

LETTER FROM THE CAPITAL

Edmonton, Alta.—Mar. 2.—Compilations from reliable sources made by the Edmonton Industrial Association headed by William J. Magrath, show that at least 3,000 miles of main and branch railway lines will be built in the province of Alberta, before the close of 1915. The Canadian Northern heads the lists with 1,000 miles, the bonds being guaranteed by the provincial government. Most of the construction will be in the northern half of the province. The company also will complete its main line in western Alberta.

The Canadian Pacific Railway company has engineers in the field, and it is given out that the Calgary-Edmonton line will be continued northward into the Peace River Country and other parts of central and northern Alberta as soon as a survey is approved by P. D. McArthur, president and manager of the Edmonton, Dawson & British Columbia road, authorizes the announcement that 200 miles are now cutting right out of the province, and that 125 miles will be ready for grades early in May. The line already completed for 100 miles, ending at McMurtry 283 miles. It is being built under government supervision.

It is announced that work will begin this year in the construction of new bridges on the line from the Peace River to the Pacific coast, to Prince Albert, by way of Northern Alberta. D. A. Thomas, of the White, is backing the project, which is designed to tap extensive coal fields in the north country.

—Four dairy competitions, with thoroughbred livestock and silver plate as prizes, will take place in Alberta, beginning April 1st, and continuing until January 31 and March 31, 1915, under the supervision of S. G. Carlyle, instructor in the management of dairy herds under the Dominion grant in the province of poultry. The contests are open to grade cows only, the 10 prizes in each contest being pure-bred cows, yearlings, calves, piglets and sets of poultry. The fourth competition is open to purebred herds throughout the province. Special prizes being awarded to girls standing highest in the contests. The prizes of silver plate are valued at \$350.

Chancellor, Alta., Feb. 27.—A twisting wind struck Chancellor, last night, causing damage of \$3,000. The ship on which the wind was blowing swept the buildings of their foundations at the high grounds, among them the main exhibition building, the grand stand and the curving race track. A two-story house, near the curving track caught the full force of the latter building and pieces of the wreck were blown through the shore and roof, narrowly missing the family who lived there.

WHY SHOULD COST OF LIVING NOT INCREASE?

We recommend to the attention of the Dominion Commission investigating the cost of living the following figures recently published by the Census Office, showing the area and value of the principal field crops of Canada:

	Area.	Value.
1912	35,575,000	\$57,344,100
1913	35,315,000	\$52,771,500

Decrease 260,000 5,572,600

Last year our immigration was about half a million. If our population including natural growth outside of immigration, increases at the rate of over half a million, and the acreage of our principal field crops and their value decrease, it is apparent that there is less food to feed more people. Consequently the cost of living must rise.—Industrial Canada.

Manville, Feb. 28.—The Presbyterian church was burned to the ground on Sunday night. The Rev. J. P. Watson, who lives in the rectory, adjoining the church, found flames coming through the platform. The church, which was very fine building was insured, and the insurance will cover the debt which remained on the structure.

Ottawa, Feb. 27.—The question of the site for the new three million bushel storage elevator, at Calgary, has been settled and tenders for the work will be called for very shortly. An order-in-council has been signed turning over to the board of grain commissioners 30 acres formerly owned by the militia department. The site is understood to be well located and convenient to all railroads and has thus cost the government nothing. The Calgary elevator will be a duplicate of the elevator already under construction in the Moose Jaw section.

Build Concrete Crib Floors and Supports

THEY keep the rats, squirrels and other rodents from carrying away your profits. Millions of dollars are lost to farmers each year through the ravages of rodents in cribs and granaries. Part of this loss is paid by every farmer whose crib floor isn't built of concrete.

Concrete crib floors and supports stop the waste because

HOMESTEADERS FIRM BY ORGONON PIVIM

With seven acres securing the province and making application for cancellation of every homestead upon which the unfortunate settler does not happen to be living at the time of their visit, another "get-rich-quick" scheme has been discovered that is proving detrimental not only to the settler, but to the property of the province at large. This time the company is not located within the bounds of Edmonton, but in Portland Oregon.

The work of Secretary Fisher of the Edmonton Board of Trade has had the result of making this concern's operations known. With headquarters in the Oregon city, this company lays claim to being in a position to locate settlers on the best possible land in this province. It charges a price according to the location and value of the land.

Its scheme is this: Men in its employ

VITALITY REGAINED
KIDNEYS CURED

Health Restored By
"Fruit-a-Lives"

HAGHERVILLE, Ont., Aug. 26th 1913.
"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work and I became all run-down. I felt the need of some good remedy, and having seen 'Fruit-a-Lives' advertised, I decided to try them."

My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you my testimonial for publication if you wish."

B. A. KELLY.
In hundreds of letters received by the Fruit-a-Lives Company, the same expression is used: "Fruit-a-Lives is the best kidney remedy in the world." At any rate, these letters have proved the best of an oscillator, which has been cured by taking Fruit-a-Lives. At all dealers or sent direct to price by Fruit-a-Lives Limited, Ottawa.

play in this province work on a commission basis with those in Portland. The men in the latter city, through advertisement, get in touch with practically every intending settler for the Canadian west. They place a proposition before them of locating them on the most desirable land in the province, which could be procured from the land office or other officials. And they make the price.

At the same time the men in Alberta are securing the province. They are making application for the cancellation of every piece of good land in which the man who had happened to be about. It comes down to this, that the homesteader may be out on the grade or at work in the city acquiring "stake" and the man who runs a great risk of losing his claim. The fraudulent methods of the concern are being made known by Mr. Fisher—Journal.

SEVENTH DAY ADVENTISTS PASS PROHIBITION RESOLUTION

At a recent meeting of the Executive of the Alberta Conference of Seventh-Day Adventists, Lacombe, Alberta, the following action favoring prohibition was unanimously adopted:

"Realizing that the only way to crush the infamous liquor traffic is by Total Prohibition, as set forth by the late convention of the Alberta Temperance and Moral Reform League and...

Believing that the honor of God, the stability of the nation, the well being of the community, of the home and the individual, demand that every effort be made to arouse the people to the evils of intemperance, be it therefore Resolved:

1. That we call upon our ministers to make continued and persistent efforts to abolish the liquor traffic.

2. That we organize all our churches into working bodies for the definite purpose of eradicating and disseminating Health and Temperance Literature, this work to be continued until the desired results are obtained, and be held estate.

3. That a fund be raised in the future for the prosecution of the work.

There are as usual many things to interest the sportsman in the latest issue of Rod and Gun, in Canada, the March issue which has recently come to hand. The Oldways at Abitibi by Bernard Muddiman; A. Walrus Hunt within the Arctic Circle; A Carion Hunt in the Yukon; The Little Lake of the Big Trout; Angling Notes by H. Mortimer Rixton; and other stories and articles along with the regular department devoted to the interests of the trap line, trap-shooters, etc., etc., which are as usual well maintained are combined to make a magazine that should be read by all Canadian sportsmen and by those Americans who come to Canada annually for their hunting and fishing. This magazine which is the only publication devoted wholly to the interests of the "outdoor" life is published by W. J. Taylor Limited, Woodstock, Ont.

Castor, Alta., Feb. 28.—Due to the explosion of a stove in a pool room practically the whole town of Castor about 25 miles west of here, was wiped out on Tuesday evening last, resulting in about \$50,000 damage. The business establishment, which fortunately were insured, destroyed were as follows: International Harvester company's offices, owned by Stewart Whitten; pool hall and bowling alley, owned by Brown Brothers; post office, including residences above, owned by W. H. Richards; harness shop, owned by Mr. Fraser; restaurant and confectionery store owned by Ross Pringle; real store, owned by F. J. Long; drug store, owned by F. J. Long; F. C. Clouston, and the Oxford hotel, the only building of its kind in town.

HOW PRIZE FOR OATS WAS WON BY CANADA AT DALLAS, TEXAS

"The agricultural interests of western Canada, I am afraid," said Bruce Walker, immigration commissioner, "do not quite understand the true significance of the splendid victory achieved by J. S. Hill & Son, of Lloydminster, Sask., at Dallas, Texas, ten days ago, when in competition with the whole of the United States they won the great Colorado silver trophy for the best oats of the world."

It was in competition with oats from every state in the union. The trophy had been won by Canada three times in succession and was now the property of the Canadian winners, Hill & Son of Lloydminster.

"Don't make any mistake about it. It was not won without a desperate struggle and after a little sharp practice. Montana, which is actively competing for settlers by offering double the money offered in Canada, made special efforts to win the trophy and all the neighboring states sympathized with the effort. The finest oat crop in the world was grown in Canada, and the best of it was sent to Dallas to compete with the best of the world. The trophy was won by Canada three times in succession and was now the property of the Canadian winners, Hill & Son of Lloydminster."

"The trophy was won by Canada three times in succession and was now the property of the Canadian winners, Hill & Son of Lloydminster."

That was also the weight of the oats sent by Canada.

DR. WOOD'S NORWAY
PINE SYRUP

Effected A Cure

Obstinate coughs and colds yield to the good medicine, coughing and hoarseness of Dr. Wood's Norway Pine Syrup, no for the racking, persistent cough, often present in consumptive cases. It will be found exceedingly beneficial and pleasant to take. The use of it is generally in great demand for the treatment of throat or lung troubles appear, but especially so with all persons of a consumptive or catarrhal tendency. As its prompt curative properties speedily remove the danger, and restore the throat and lung to a sound healthy state it is used in time.

Mrs. Edward Patterson, Young's Cove N.B., writes:—I have had occasion to use Dr. Wood's Norway Pine Syrup, and can say that it is certainly a good medicine. About a year ago I contracted a severe cold which settled on my lungs, and left them in a very weak state. The cough racked me terribly, and I was in despair until a friend advised me to give Dr. Wood's Norway Pine Syrup a trial. I got a bottle, and before I had it half gone I found relief. I used two bottles, and have been bettered since. I would not be without it in the house."

A WISE CAMPAIGN

The "Colchester Buz" tells of a movement that has been inaugurated in the town of Truro, N.S., to secure a great number of signatures of citizens to a total abstinence pledge. It says: "A pledge signing is a good thing. Most men respect their signature. Worth go back on it."

It is the passing of their written word: "When you get a man persuaded to sign the pledge you have got him a step in the right direction. Other steps follow as a natural consequence. Pledge signing is a strong feature in the parochial work of the Roman Catholic clergy."

It is one that Protestant clergymen might emulate with good effect. Moral passion, Gospel temperance work, should be carried on by all churches. You may not be able to get a man to join the church, but you might get him to sign the pledge and thus take a long step in the direction of the church.

"The way to get prohibition voters is to get men to sign the pledge. Make the Gospel the ground work of your temperance work. You can save more men from drink by the Gospel in one month than you can by law in one year."

"Push pledge signing wherever you get a chance. Make a chase. Hold. Gospel temperance meetings in your churches. Try it."

Calgary has now three railroads opening into this city, and within the next year there will be 150 new towns opened up. Wholesale houses in the city are preparing for a large line in trade, and it will also be necessary for them to increase their staff of travelers. Within the next two years 225 new towns will be opened up by the railroads and these have not been reached before by business men from this point. The C.N.R. will open in the next year about 67 new towns along the Calgary-Vegreville line and the Calgary-Lethbridge line to be completed by next fall. With the opening of traffic last Monday, Calgary wholesalers were put in touch with Warden and Camrose, whereas, before it was almost impossible to reach these points from this center—New Telegraph.

CO-OPERATIVE EGG CELE- BRATION

"The most significant thing about
the agricultural situation in Alberta
at the present time," said Mr. A.
Foley, Deputy Superintendent of the
Alberta Department of Agriculture,
"is the desire of the farmers to form
associations for the co-operative mar-
keting of eggs and poultry." Mr. Fo-
ley is kept very busy giving advice
and assistance to groups of progress-
ive farmers who are alive to the possi-
bility of great developments in the
poultry business in Alberta.

MILLET

A very interesting and instructive
Debate took place on Friday evening,
Feb. 27th 1914 at Millet under the
auspices of the Young People's Society
of that town. The question dis-
cussed was "Resolved that equal suf-
frage should be granted to women".
The affirmative was upheld by E.
W. Gregory (leader) and H. Wilton
and the negative by E.H. Keith (lea-
der) and A. P. Mitchell. Mr. Gregory
in opening the Debate took an ad-
vantage of the occasion to argue that
main arguments for the affirmative
that the equality of legislation would be
improved and that the use of the
suffrage would be a great uplifting
force in the life of women. Mr. Keith
in opening for the negative showed
that the spiritual life of women and
the different spheres of life of men and
women both demanded that women
refrain from entering the arena of
politics. Mr. Wilton in following for
the affirmative stated that a study of
the question had convinced him that
women should be given the vote, and
enumerated his reasons therefore. Mr.
Mitchell then made the humor-
ous speech of the evening dealing prin-
cipally with the legal aspect of the
question.

Mr. Keith followed with a most
convincing and forceful rebuttal and
in refuting the arguments advanced by
the first speaker showed by an array
of facts that women suffrage had been
a failure in the suffrage states of the
south.

Mr. Gregory closed the debate by
producing statistics showing that
women suffrage had improved the
quality of legislation. The Judges Miss
Emma Stevens, P. Blundell, and
Ken Purdy then retired, and after
consultation brought in a decision in
favor of the negative.

Edmonton, Feb. 27.—The bodies of
John N. Gimby and R. D. Campbell,
who were drowned in the Fraser River
last about the beginning of May last
year, along with Edward McQueen, all
of Edmonton, and a half-breed "bait"
scout, were brought into the city
Thursday night by Albert Tate, a
well-known pioneer of the north. He
buried the bodies temporarily near
where they were found after making
rough coffins until they could be
brought to Edmonton for final interment.

The Stone Corner correspondents to
the Leduc Representative says: "Mr.
A. A. Arp and son, of the Fern creek
district previously transacted their
business at Wetaskiwin, but having
pointed out to them by cutting a
road a mile and a half they could
reach Leduc, thereby saving them con-
siderable expense, have done their
part in opening out a trail. White-
ever trade results formerly would have
gone to Wetaskiwin and it is only
an instance of what might happen in
other cases if the matter were gone
into more thoroughly."

LOCAL DRUGGIST SAYS:

"TAKE ONLY ONE DOSE"

We want to tell those in Wetaskiwin
suffering from stomach and bowel trou-
ble that we are agents for the simple
mixture of buckthorn bark, glycerine
etc., known as Adier-ika, the remedy
which became famous by curing ap-

bowel cleanser known and JUST ONE

the stomach and constipation almost
IMMEDIATELY. It will be sur-
prised at the QUICK action of Adier-
ika. F. T. Ball, Eastside druggist,

Winnipeg, Man., Feb. 28.—Citizens who were holed last night under deep in mud and slush, following a thirty-six hour thaw, made their way down town this morning fighting against a rushing snow storm, lashed by a cutting north wind and with the thermometer falling to fifteen below zero. Conditions are quite the most unpleasant of the present winter.

Mr. Wilson who has been in the employ of Mr. Quarrie for some time purchased the business of the Model Bakery last week and took possession on Monday. Mr. Quarrie and family left for Lacombe Saturday on Wednesday evening, where he will conduct a bakery and confectionary business. The many friends of Mr. Quarrie and family wish them all success in their new home.

Dr. Morse's Indian Root Pills

These are many common ailments which are very different, but which all arise from the same cause—a system clogged with impurities. The Pills cause the bowels to move regularly, strengthen and stimulate the kidneys, and open up the pores of the skin. These organs immediately throw off the accumulated impurities, and Biliousness, Indigestion, Liver Complaint, Kidney Troubles, Headaches, Rheumatism and similar ailments vanish. In Annapolis U.S.A. a law has been recently passed forbidding young people to indulge in such dances as the Turkey Trot, Bunny Hug, Tango and Ragging as immoral and indecent, and all who in future indulge in them will be fined and the fines used to educate the young girls to conduct themselves at dances with propriety. — Winnipeg Free Press.

After perusing the Concert program of the Knox Presbyterian Choir on another page of this issue, we cannot but come to the conclusion that there is, in store for us a musical treat, such as is seldom our privilege to attend outside of the largest cities. The work of the Knox Choir under the leadership of Mr. E. R. Jenkins has been much appreciated, and the favorable comments with reference to the work of this choir, lead us to believe that their rendering of "The Hymns of the Bible" and the "Hallelujah" Chorus, will be equal to the standard of our expectation. This choir has been enlarged to meet the occasion by the excellent help of the following, viz:— Mrs. T. Hughes, Miss Knight, Messrs. T. Hughes and D. Ward. We notice with pleasure that Mrs. Walker consented to sing but her artistic abilities are so well known, it will therefore be unnecessary for us to pass further comment. Mr. O. Williams & Bonola, is to give a Wetaskiwin audience the privilege of hearing him once again. Mr. Tom Hughes is, but why dwell further, you all know Tom Hughes, don't you?

Easier, Quicker and Better Dusting and Cleaning

EASIER, because you do not have to get down on your hands and knees to dust, clean and polish a hardwood floor, or the stairs, or move heavy furniture to dust under it. Easier, because you do not have to stand on a chair to dust the molding or the tops of

doors, or the tops of high furniture. Quicker, because you only have to go over the surface once to dust, clean and polish. One operation does it all. Better, because the O-Cedar Polish gives a high, hard, durable finish, not a gummy, hazy bluish cast.

O-Cedar Mop

Makes it Easy to Clean Those Hard-to-get-at Places

and does away with the hardest part of housekeeping.

The mop is heavily padded to protect the furniture, and the handle is 54 inches long. It can be easily cleaned by washing and renewed by pouring a few drops of O-Cedar Polish on the mop.

We Make It Prove Its Worth to You Before You Buy It

The price of the O-Cedar Polish Mop is \$1.50, but we will refund the price, if after two days' trial you do not find the mop all we claim for it and satisfactory in every respect.

What a Friend of Mine Overheard

"Mr. Talbot's Portraits leave nothing for the imagination, neither are they mere copies of the features placed before his camera. They are true photographic portraits, beautifully lighted and posed, picturing the subject in the most pleasing and natural expressions. They are portraits that satisfy the customer, please the friends, and bring re-orders and new business."

I will not disappoint my friend or you. MAKE AN APPOINTMENT TODAY
